Sayın Velimiz,

Eğitim uzun soluklu, detaylı planlama yapılarak titizlikle takip edilmesi gereken bir süreçtir. Hayat boyu devam eden öğrenme süreçlerinde; eğitimcilerle ebeveynlerin, çocukların ihtiyaçları doğrultusunda hareket etmesi ve iş birliği içerisinde olması çok önemli bir unsurdur. Çocuklarımıza sosyal, duygusal, fiziksel ve akademik gelişim alanlarında dikkatlice verilmesi gereken bu destek; onların nitelikli birer birey olmaları açısından oldukça önemlidir. Bu anlayıştan hareketle okulumuzda eğitim gören her öğrencinin belirtilen alanlardaki gelişimi, anaokulundan itibaren sistemli bir şekilde takip edilir; okul ve aile iş birliği içinde titizlikle yürütülen bu süreç, detaylı bir şekilde kayıt altına alınır ve öğrencilerimizin ihtiyaç duydukları öğrenme ortamları kendilerine sunulur.

Öğrencilerimiz; dâhil oldukları uluslararası programlar, ulusal ve uluslararası projeler, sportif ve sanatsal başarılar, sosyal sorumluluk çalışmaları ile akademik zenginliklerini ortaya koyan kişisel portfolyolarını oluştururlar ve IB programlarının hedeflediği öğrenci profilini geliştiren bir süreci tamamlamış olurlar. Zengin öğrenme ortamları ile geliştirilen bu sürecin son dönemeci olan 12. sınıfta ise elde edilen tüm veriler bir portfolyo haline getirilir ve deneyimli yurt dışı üniversite danışmanlarımızın rehberliğinde uluslararası platformlara sunulur. Çok çeşitli ve gelişimsel deneyimler içeren bu uzun soluklu süreç, öğrencilerimizin dünyanın seçkin üniversitelerinden aldıkları kabuller ile taçlanır.

Başvuru süreçleri sonlanmamış olmakla birlikte bu yıl da öğrencilerimiz, dünyanın seçkin üniversitelerinden pek çok kabul aldı. Bu mutluluğa ortak olmanız adına şu ana kadar gelen 12. sınıf kabullerini sizlerle de paylaşmak istiyoruz. Süreç tamamlandığında, daha geniş bir listeyi sizlere iletmekten mutluluk duyacağız.

Irmak Ailesi olarak mezun adaylarımızı kutluyor, her birinin arzu ettiği üniversiteye yerleşmelerini diliyoruz. Nice gurur verici başarıları paylaşmak dileğiyle...

Irmak Okulları Genel Müdürü

Dear Parents,

Education is a long-term process that requires detailed planning and careful follow-up. In the process of lifelong learning, it is very important that educators and parents work together to meet the needs of children. This support, which should be carefully given to our children in the areas of social, emotional, physical and academic development, is very important for them to become qualified individuals.

Based on this understanding, the development of each student in our school in the above mentioned areas is systematically monitored from kindergarten onwards; this process, which is carried out meticulously in collaboration with the school and the family, is recorded in detail and the learning environments that our students need are offered to them. Our students create their personal portfolios that show their academic richness with the international programs they are involved in, national and international projects, sports and artistic achievements, social responsibility activities, and they complete a process that develops the student profile sought by the IB programs.

In Grade 12, the final stage of this process developed through rich learning environments, all the data gathered is transformed into a portfolio and presented to international platforms under the guidance of our experienced international university counselors. This long-term process, which includes a wide range of diverse and developmental experiences, culminates in the acceptance of our students by the world's elite universities. Although the application process is still ongoing, this year our students have received many acceptances from the world's elite universities. In order to share this happiness with you, we would like to share with you the 12th grade acceptances we have received so far. As the Irmak family, we congratulate our graduates and wish each and every one of them a successful placement in the university of their choice.

We hope to share many more proud achievements with you...
